

APPAREL + GEAR FOR **THE PREPARED PROFESSIONAL™**

Vertex® is a premier manufacturer of tactical and outdoor gear and apparel for the modern warrior. We focus on low-profile designs, superior fit and function, and user-friendly design features for everyday applications. Since the brand's inception in 2009, we have earned trust among the nation's top operators, competitive shooters, and prepared professionals™ everywhere for exceptional performance, fit and durability.

The Vertx Original Pants laid the foundation for our growing brand. Its design format was a collaborative effort between our world-class product development team, designers from Arc'teryx, and an elite federal agency to address the need for a superior fitting low profile tactical pant. It was this revolutionary product that led us to our name: "Vert" as in covert, and "X," a nod to our collaboration with Arc'teryx.

Over the past six years we have grown from providing a single pair of pants into a full line provider of pants, shirts, outerwear, uniform systems, concealed carry bags, packs and accessories, all designed purposefully and passionately to fuel your mission.

SIZING

GUIDE

SIZE CHARTS

* All Vertx® pants are made true to size.

- 1 | **Neck.** Measure around the base of the neck.
- 2 | **Chest/ Bust.** Measure around the fullest part of your chest. Keep tape up under the arms, across the shoulder blades.
- 3 | **Sleeve.** Measure from the nape of the neck, over the shoulder to the wrist bone, to desired length. If you have a similar shirt you like, lay it flat and measure from collar seam to cuff. For Outerwear, measure sleeve from collar to wrist.
- 4 | **Waist.** Measure around waist, two fingers below belly button. Measure over shirt, but not over slacks or belt.
- 5 | **Hip.** Measure at the fullest part of hips. Make sure tape is comfortable and not too tight.
- 6 | **Inseam.** Measure from the crotch along leg inseam to desired length. Wear the shoes intended to be worn with the pants. If you have a similar pair of well fitting pants, lay them flat, measure along the inseam from crotch to bottom of hem.

Vertx®, a Berkshire Hathaway company, is just one of three world-renowned brands within the Fechheimer company portfolio. Vertx leverages more than 170 years of expertise garnered by its sister uniform brand, Flying Cross®. Serving with distinction since 1842, Flying Cross has set the standard of unsurpassed uniform apparel design for the military and

public safety markets. Utilizing the brand power of Justin Brands, Justin FR Work is another collaborative partnership featuring a full line of flame resistant shirts, pants and outerwear for on and off duty. Together, the Vertx, Flying Cross and Justin FR Work brands lead the industry with products threaded with quality, craftsmanship and pride.
